Mr. Navot Shores  
President  
Spire Integrated Systems Inc.  
2820 Industrial Row Dr.  
Troy, MI 48084

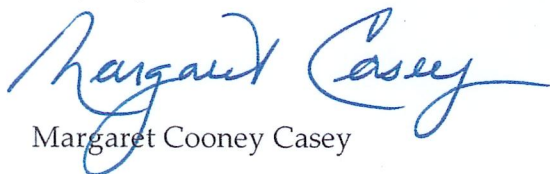

Dear Mr. Shores:

I am writing on behalf of the Beaumont Children's Hospital to thank you for your very generous donation of a "Movie Room" on our Pediatric Unit. Your company's contribution of the system design and installation, and donation of an AMX touch panel and other technical components are deeply appreciated. I also want to acknowledge your successful solicitation of in-kind contributions from other vendors, including AMX Corporation, Monitor Audio and Onkyo Integra, which were essential to complete the project. We will be acknowledging their contributions as well.

We want you to know how much we value your generosity and initiative in envisioning this Movie Room for our patients and ensuring that the entire project is completed. As you know, furnishings and draperies have been ordered and are expected to arrive in about two months. As soon as these have been installed, we will invite you and your colleagues to come and celebrate at a special gathering.

Thank you for helping us to establish a truly exceptional entertainment venue for the thousands of children who are treated in our Children's Hospital every year.

Sincerely,

Margaret Cooney Casey

Cc: Dr. M. Jeffrey Maisels, Chairman, Department of Pediatrics and  
Medical Director, Pediatric Services
